

Covid-19 measures

Ski School Stoos

Introduction:

The containment and control of COVID-19 is of utmost importance for the Swiss Ski School Stoos and the health of our guests and employees is our highest priority. Luckily, skiing, snowboarding and cross country skiing takes place outside in the fresh air. This already reduces the risk of infection relevantly. However, the following measures are the basis for a healthy winter season with lots of fun on the slopes.

General guidelines:

The containment and control of COVID-19 is of utmost importance for the Swiss Ski School HochYbrig and the health of our guests and employees is our highest priority. Therefore, we strictly follow the regulations of the Swiss Federal Office of Public Health FOPH (www.bag-coronavirus.ch) and the Canton of Schwyz (www.sz.ch/coronavirus) as well as the recommendations of our umbrella organization Swiss Snowsports (www.snowsports.ch), the FOSPO and Swiss Olympic. Our Covid-19 protection measures are continuously adapted to the current situation.

Guests with Covid-19 symptoms:

- Guests with Covid-19 symptoms are not allowed to take part in lessons. Please inform the ski instructor or our ski school office immediately.
- Children with Covid-19 symptoms will be isolated immediately and must be picked up.

➤

Contact details of guests:

- The Swiss Ski School Stoos and its employees are obliged to record the contact details of all guests as follows: Name, first name, mobile phone, e-mail.
- Customers are advised that the data must be forwarded to the cantonal authorities upon request.

➤

Staff of the Swiss Ski School Stoos:

- All instructors and employees are well aware of the COVID-19 measures.
- The instructors and employees are encouraged to use the federal government's Covid tracing app.
- Instructors with symptoms of illness are not allowed to participate in lessons. They immediately inform the office, stay at home and follow the instructions of the Federal Office of Public Health regarding medical consultation, quarantine or isolation.

Sales offices, staff rooms:

- We recommend to book online, by mail or by phone to minimize contact in the office.
- Wearing a mouth/nose protection is mandatory in indoor areas accessible to the public.
- The number of customers in the office is limited.
- Disinfectant is available in the entrance area.
- The counters are separated from the sales area by a plexiglass construction.
- The offices are regularly ventilated and cleaned.

Meeting points and lessons

Private lessons :

- Your instructor will welcome you at the agreed meeting point.
- The regulations of the respective protection concept of the mountain railroads as well as the requirements of the Federal Office of Public Health (BAG) apply to transport facilities.

Group lessons:

- Children may only be accompanied to the lessons by one person. The accompanying person must wear a mask.
- The individual class meeting points are spacious, clearly indicated and divided according to level. Due to the division of the meeting points, the individual groups are not mixed.
- Attention will be paid to staggering of joint activities over time. This means for example different starting times of children's ski race, Tea break etc., the individual groups are always supervised autonomously.
- The regulations of the respective protection concept of the mountain railroads as well as the requirements of the Federal Office of Public Health (BAG) apply to transport facilities.

Ski race:

- The ski races will continue to take place weekly.
- The start intervals will be extended slightly to avoid crowds in the start and finish area.

The award ceremonies:

- The award ceremonies will be held outdoors
- The prize-giving ceremonies for the children's classes will be held centrally, but in groups on Friday at the assembly point.

Covid-19 measures of the other tourist enterprises

- We respect the Covid-19 measures of the other tourist companies. For example mountain railroads, hotels, restaurants or sports stores.

Communication / COVID-19 team of experts

The Swiss Ski School Stoos has defined a team of experts, which deals with the current situation and is available for all questions regarding COVID-19. It is responsible for the implementation of the basic Covid-19 measures, adapts them continuously to the current situation and initiates any relaxation or tightening of measures.

The COVID-19 expert team is responsible for the communication of all COVID-19 related messages.

The COVID-19 team of experts at the Swiss Ski School Stoos:
Silvana Arnold-Gisler
Cornelia De Moliner
